

### When Should You Consider Skilled Home Health Care:

- Any change in patient condition
- Exacerbation of current condition
- Change in medication
- Patient has had a fall
- Recent Rehabilitation stay
- Decline in daily living functions
- Change in mental status
- Recent Hospitalization
- Need monitoring for a serious illness or unstable health condition

#### How To Get Started:

You are not required to have had a hospital or rehab stay to qualify for Skilled Home Health Care. Call any time for an evaluation. We will contact your physician and coordinate all care for you.

## Get Well, Stay Well

### Quality Care - Trusted Source

At Stay Well our mission is to provide the absolute best possible care while enabling the patient to remain in the comfort of their own home. We provide services in your home, at an apartment, or if you live in an independent or assisted living facility. Our nursing teams are established all throughout the Cincinnati market and we can have services set up within 24 hours of your call.

Our Medical Director and Administrative staff will work directly with your physician to tailor a care plan to your specific needs. Our well-trained, seasoned staff provide the physical and emotional support you may need to enjoy your life at home.

### ARRANGING FOR SERVICES

You and your family can arrange for services to meet your specific needs. Here are a few steps to get you started:

- 1 Contact us to discuss your needs, whether for skilled or private pay home health care.
- 2 If skilled services are requested, Stay Well will contact your physician to obtain the necessary order. Non-medical (Private Pay) aid services do not require a physician order.
- 3 Our RN Case Managers will then meet with you to arrange for all services necessary, and complete a comprehensive assessment.
- 4 Skilled services can begin.

**Home Care Medicare Facts:**

You are not required to have had a hospital or rehabilitation stay to qualify for Medicare to pay for Home Health Care.

**100%** Home health care under traditional medicare and most managed care plans is covered at 100%

Stay Well Home Health will check all patient benefits at the time of the referral and will notify the patient of any charges or limitations prior to opening for care.
